Dear Princetonian,

On behalf of the Alumni Association of Princeton University, welcome back to Old Nassau and Reunions 2011. In these pages, you will find a full weekend of programs and activities, from Alumni-Faculty Forums and career workshops to class and departmental panels and receptions. If music is your passion, stop by the Reunions headquarters sites each evening for great entertainment, stroll over to the arches around campus to hear Princeton’s a cappella groups perform, or spend Friday afternoon listening to bands from the past compete in the fourth annual “Alumni Battle of the Bands.” And, of course, you won’t want to miss the P-rade on Saturday afternoon or Princeton’s spectacular lawn concert and fireworks on Saturday evening.

We hope that you will take this time to reconnect with old friends and meet new ones, engage your mind, enjoy the beautiful Princeton campus, and rediscover why Princeton really is “the best old place of all.”

Have a wonderful weekend.

Anne C. Sherrerd ’87 h52

A Brief History of Princeton Reunions and the P-rade

All colleges encourage their graduates to maintain and demonstrate loyalty to their alma mater through return visits. However, no other institution welcomes all of its alumni and their families back for reunions on a yearly basis with the style and fanfare that is uniquely Princeton. Here is a short history of this ever-evolving annual tradition.

In the College of New Jersey’s early years, alumni regularly returned to campus to attend Commencement exercises. Its 100th Commencement in June 1847 drew an impressive 700 graduates for a formal dinner, escalating the tradition into a larger event. Until 1859, all alumni gathered together, but in that year, Alfred Woodhull, Class of 1856, organized the first “class” reunion, a triennial. He astutely surmised reasonable attendance could be expected, because in that era, anyone who returned to campus for Commencement three years after graduation qualified for an automatic master’s degree (a practice lasting until 1892).

In 1861, a regiment bound for battle in the Civil War passing through Princeton captivated the College’s students with its “skyrocket” cheer, which imitated the sound of fireworks—“sis” for the zooming rocket; “boom” for the explosion; and “ahhhh” as the crowd expressed its pleasure for the resulting light show. At Princeton, the “sis, boom, ah” skyrocket cheer evolved into Princeton’s “locomotive,” where word repetition and increasing speed emulates the sound of a train pulling out from a station. “Tiger” was likely added to the cheer in the late 19th century, when athletic uniforms began consistently using orange and black.

The P-rade officially began in the late 1890s but is actually the merged product of earlier traditions. Beginning in the Civil War era, alumni formally processed to Commencement Day dinner meetings. Then in 1888, Princeton and Yale University began scheduling one of their baseball games at Princeton on the Saturday before Commencement. Since this coincided with class dinners, alumni attendance was high and many classes formally marched to the game at University Field (located at the corner of Prospect Avenue and Olden Street). In October 1896, when the newly renamed Princeton University celebrated its sesquicentennial (150th anniversary), 800 Princeton undergraduates and 2,000 alumni took part in a mile-long procession through the campus and town; most carried an orange torch or lantern, and many classes wore coordinated costumes. Stimulated by the grandeur and organization of this parade, in 1897 all returning classes first joined to march in order to the baseball game. By 1906, a written description of the annual event said, “The Alumni Pee-rade on Saturday afternoon was quite as spectacular as usual; the bands, banners, transparencies, uniforms, and vaudeville features encircling University Field with color and noise.”

During early P-rades, the sole decoration worn by returning alumni was a small badge with class numerals on it.
Gradually, classes began to distinguish themselves with creative hats, balloons, and parasols; before long, younger classes wore colorful costumes, carried humorous signs, and often performed comic stunts. In 1912, some of that year’s graduating class dressed in blue denim overalls and jackets to protect their regular clothes from spilled beer stains. One year later, the Class of 1913 adopted white beer jackets as their costume. By 1920, the jackets became a tradition with the addition of unique class logos. To this day, each graduating class designs its own class jacket, worn for the first time during Reunions weekend. Classes typically design new costumes for each “major” quinquennial reunion up until the 25th, when they receive a class blazer.

Reunions were cancelled in 1917 and 1918 for World War I, so the “Victory Commencement” of 1919 featured a throng of 5,000 alumni for the largest Reunions and P-rade yet. An even longer “Victory Reunion” P-rade in 1946 following World War II (and the cancelled Reunions of 1943, 1944, and 1945) brought back 7,300 alumni, with each class carrying service flags showing the number of classmates who served and were killed in the war.

In 1947, the Class of 1922 held its 25th Reunion in Holder Hall Courtyard, becoming the first on-campus reunion site. (Previous reunions were held in private homes and rented spaces in town.) But it was not until 1952 that liquor was permitted to be served at the on-campus sites.

Rain has put the occasional damper on the P-rade but only once—in 1953—did it force a cancellation. Even then, some classes insisted on marching anyway! Over time, P-rades and Reunions increasingly became a family affair, but it was not until the undergraduate body became coeducational in 1969 that women were officially welcome to participate in the P-rade.

From the early- to mid-20th century, the P-rade route began at Nassau Hall, moved across campus to 1879 Arch, then down Prospect Avenue and around University Field to pass the president in his reviewing box. Construction of the EQuad on the site of University Field in the late 1960s changed the end of the route to the new Clarke Field south of Ivy Lane. This era also marked the last Yale-Princeton Commencement baseball game (1966), so the P-rade...
ending changed to an Alumni Association meeting welcoming the graduating seniors into the alumni body. In the early 1990s, the route was altered again to keep the P-rade entirely on campus—beginning at FitzRandolph Gate, going around Nassau Hall and Cannon Green, then down Elm Drive to finish on Poe Field.

Despite route changes, procession order remains traditional. At 2:00 PM on Reunions Saturday, the Nassau Hall bell tolls and the P-rade Grand Marshal and other dignitaries (including the University president) lead members of the 25th Reunion Class from front campus to Poe Field. The classes then process in descending class order, beginning with the “Old Guard” (classes beyond the 65th Reunion) who ride in golf carts or occasionally walk, always drawing the loudest cheers from spectators. In recognition for his commitment to Reunions, the eldest returning alumnus has the special privilege of carrying the Class of 1923 Cane—a black wooden staff topped by a leaping silver tiger. Graduate alumni march between the 24th and 26th reunion classes. Throughout, dedicated alumni known as Marshals maintain order in their distinctive orange “Da Vinci” hats and blue blazers. The P-rade ends when the senior class sprints onto Poe Field, charging past the Reviewing Stand.

In 1996, in celebration of the University’s bicenquinquennial (250th anniversary), a spectacular fireworks display was first held on Saturday night. The thousands of shells, custom soundtrack, and tailored choreography of the 25-minute display quickly became a highlight and annual tradition during Reunions.

Increasing student body size and the inclusion of family members in the P-rade has swelled turnout and lively participation in the ever-more-colorful spectacle. Today, well over 20,000 alumni, family, and friends participate in this annual gathering, and no other university comes close to the pageantry, magnitude, and ceremony of Princeton Reunions.

This summary was prepared by the Committee on Reunions and is adapted from the research and writings of Alexander Leitch ’24, William K. Selden ’34, Daniel N. White ’65, J. T. Miller ’70, and Liz Greenberg ’02.

“Kurt Schwitters: Color and Collage”
German artist Kurt Schwitters (1887–1948) is one of the most influential figures to have emerged from the international avant-garde in the years following the First World War. In response to the turmoil and changes then wracking German society, Schwitters developed a unique form of artistic practice, one that merged art and life and utilized found objects and everyday materials. Hailed by The New York Times as “a gift of a show,” “Kurt Schwitters: Color and Collage” explores the significance of color and light to the artist’s oeuvre and delves into the relationship between
collage and painting in his often-overlooked late work. In addition to a full-scale reconstruction of the Merzbau, the exhibition includes about 80 assemblages, reliefs, sculptures, and collages from 1918 to 1947, and is the first major exhibition of this landmark artist to be held in the United States in a generation. This is the first overview of Schwitters’s work in the United States since the artist’s retrospective at the Museum of Modern Art, New York, in 1985. “Kurt Schwitters: Color and Collage” is organized by The Menil Collection, Houston. Thursday 10:00 AM–10:00 PM, Friday and Saturday 10:00 AM–5:00 PM, and Sunday 1:00–5:00 PM. Sponsored by the Princeton University Art Museum. Princeton University Art Museum.

“Lasting Impressions of the Grand Tour: Giuseppe Vasi’s Rome”
During the 18th century, Rome became the ultimate destination for upperclass tourists from Northern Europe and Britain. This exhibition explores the ways in which artists sought to give visual form to the Grand Tour, with a particular emphasis on the city views, or vedute, of the printmaker Giuseppe Vasi. Also showcased are paintings, etchings, and maps of ancient and modern Rome by Canaletto, Giovanni Battista Piranesi, and Giuseppe Nolli—together with other collectibles, including caricatures and fashionable portraits of Roman citizens and British aristocrats. Captured with an eye for antiquity, topography, and social life, the works on display provide a compelling perspective on a great world capital in the age of the Grand Tour. Organized by the Jordan Schnitzer Museum of Art, University of Oregon, Eugene. Thursday 10:00 AM–10:00 PM, Friday and Saturday 10:00 AM–5:00 PM, and Sunday 1:00–5:00 PM. Sponsored by the Princeton University Art Museum. Princeton University Art Museum.

“The Tōkaidō Road: 19th- and 20th-century Journeys through Japanese Prints”
Tōkaidō, the 300-mile travel route from Edo (present-day Tokyo) to Kyoto, became a popular subject for Japanese artists during the 19th century. This exhibition showcases prints from the different editions of more than 1,000 Tōkaidō prints that Andō Hiroshige (1797–1858), one of the most famous Japanese woodblock print artists, designed. Also featured are handscrolls and an illustrated book on the same subject recaptured by 20th-century artists. Thursday 10:00 AM–10:00 PM, Friday and Saturday 10:00 AM–5:00 PM, and Sunday 1:00–5:00 PM. Sponsored by the Princeton University Art Museum. Princeton University Art Museum.

“When Men and Mountains Meet: China as Land and People”
What is the relationship between land and people in China, and how has it changed throughout the ages? Mountains as towering peaks that bring man close to the heavens, or as
Campus EXHIBITS

Earthen ranges marking “dragon veins,” serve as the geography in which human beings live and roam. Some mountains are sacred sites; others are barriers that constrain human movement and communication. Some are locations for meditation and solitude or fearsome wilderness filled with demons and monsters. “When Men and Mountains Meet” explores this complex relationship through works of art that span several centuries. Thursday 10:00 AM–10:00 PM, Friday and Saturday 10:00 AM–5:00 PM, and Sunday 1:00–5:00 PM. Sponsored by the Princeton University Art Museum. Princeton University Art Museum.

Alcohol Policy at Princeton University The University alcoholic beverage policy is designed to be consistent with the laws of the State of New Jersey and also reflects the need for mutual respect and personal responsibility within a diverse community. The University and Borough prohibit:

- Transporting of an open container of alcohol across common spaces of the University. (Common spaces are areas such as lounges, open campus, meeting halls, etc., outside of Reunions headquarters.)
- Possession of a container of alcohol by persons under the age of 21.
- Serving of alcohol to persons under the age of 21.

Alcohol: The State of New Jersey New Jersey has very strict laws concerning driving under the influence of alcohol and drugs. Persons found guilty of DWI charges are subject to substantial penalties, including fines and imprisonment. In addition, the Borough of Princeton prohibits the transporting of open containers of alcohol in public places, such as streets and sidewalks (including Prospect Avenue). Finally, please note that golf carts are considered vehicles for purposes of DWI and Open Container laws.

Computing Resources
During Reunions weekend, Princeton’s Office of Information Technology (OIT) provides wireless Internet access to all campus visitors. The service is free of charge and requires no registration. For those who come without their personal laptops, several conveniently located computer facilities (“clusters”) are available to you.

Wireless Networking
Wireless networking is available in nearly all of Princeton’s buildings, and in many outdoor spaces such as Cannon Green. Visitors should connect to the network called “puvisitor.” A printable map that shows wireless coverage on campus can be found at www.princeton.edu/wirelessmap. Detailed instructions for connecting to the puvisitor wireless network are below.

Getting Computer Help While on Campus
The OIT Support and Operations Center (also known as the “Help Desk”) is open 24 hours a day, 7 days a week to help with computing and networking problems. To speak with a Help Desk consultant on the phone, call 609-258-HELP (4357) and press option 1. For online chat, go to the OIT home page (www.princeton.edu/oit) and click on the link on the right. You can also send e-mail to helpdesk@princeton.edu.

Connecting to the Network and Configuring Your Computer
Your use of the Visitor Wireless service constitutes your agreement to abide by the University’s acceptable use policy, posted at www.princeton.edu/itpolicy. If you do not agree to abide by that policy, do not connect to this network.

Please note: Your company or organization’s network may have restrictions that prevent you from connecting to it from other locations. Please check with your local technical support prior to Reunions for information about gaining access to your company’s computing resources from the Princeton network.

To connect to Princeton’s puvisitor wireless network, see the instructions for your computer type below:

Windows 7:
• Click the Start button, then click “Control Panel”
• Click “Network and Internet”
• In the Network and Sharing Center section, click “Connect to a Network”
• In the list of available wireless networks, click on “puvisitor,” then click “Connect”

Windows Vista:
• Click on the Start button, and then click “Connect To”
• Click on the puvisiti Wireless Network Connection

Mac OS X:
• Click on the Apple icon in the upper-left corner of the screen, then click “System Preferences”
• Open the “Network” option under System Preferences
• Click the “Airport” icon
• Select “puvisitor” from the network name pull-down menu

Troubleshooting—Are You in a Wireless Service Area?
Be sure that you are in an area of the campus served by Visitor Wireless. Do you see a wireless network named “puvisitor”? If you can, then Visitor Wireless is available in your location. If you cannot, make sure that wireless connectivity on your computer is enabled, and move to a location where you are certain wireless is available.

Some handheld devices such as iPhones or Android phones may have difficulty connecting to the “puvisitor” wireless network. We recommend using these devices’ cellular network capability (3G/4G) rather than the “puvisitor” network.

Computing Facilities Available during Reunions
There are several computing facilities (“clusters”) available for your use during the Reunions weekend. These machines will have a special Reunions configuration and will not require you to log in. You can simply visit one of the facilities listed below and gain access to the Internet. You can use these computers to check your e-mail (provided you have a Web-accessible e-mail interface), browse the Internet, and use Microsoft Office.

Reunions computer clusters will be located as follows:
• McCosh Hall, Room B59
• Friend Center, Rooms 005, 007, and 009
• All OIT workstations in Frist

For more information on software available in these clusters, please see: www.princeton.edu/clusters.

Your Responsibilities
It is especially important that the computer you attach to the campus network operates in such a way as to not interfere with the effective performance of the network. Because these devices will not be registered in the Princeton University Host Database, OIT will be unable to identify and notify their owners in the event they operate in ways that interfere with the campus network. This could make it difficult to address problems and restore network service to the rest of the campus in a timely fashion.

You can help minimize such problems by ensuring that the computer you bring to campus has all current security and definitions updates installed, is properly secured against intrusion, and has current antiviral software. In particular, you should not attach DHCP servers to the campus network.

While you are a customer of Princeton University’s network, you are expected to abide by the University’s information technology policies, available online at: www.princeton.edu/itpolicy.

Lightning Storms: Emergency Preparedness
Lightning is the second leading cause of direct weather deaths in the U.S. (after floods) and results in more fatalities each year than tornadoes and hurricanes combined. Given the random nature of lightning strikes, absolute protection cannot be guaranteed to any individual or group. Individuals are ultimately responsible for their personal safety and should take appropriate action when threatened by lightning. Adults must take responsibility for the safety of children in their care during thunderstorm activities. However, awareness of certain lightning safety guidelines can greatly reduce the risk of injury or death.

1. Identify in advance a location (e.g., building, bus, personal automobile) that would be safe during a thunderstorm. Locations that offer little or no protection from lightning include tents, golf carts, or open shelters, such as parking garages. Recommended locations for Reunions participants include dormitories in the headquarters sites, Alexander Hall, the University Chapel, and the Frist Campus Center.

2. Public Safety will notify your reunion if a bad storm is expected and if evacuation of the headquarters site is recommended. When you first see lightning or hear thunder, go to the safe location immediately. Lightning often precedes rain; so don’t wait for the rain to begin before suspending activities.

3. If you are caught outdoors, avoid high ground, open spaces, and water. Avoid all metal objects including electrical wires, fences, machinery, motors, and power tools. Avoid standing under reunion tents; while they provide protection from the rain, they do not provide protection from lightning. If lightning is striking nearby when you are outside, you should:
   a. Crouch down and put your feet together. Place your hands over your ears to minimize hearing damage from thunder.
   b. If part of a group, spread out. You should avoid being in close proximity (minimum of 15 ft.) to other people.

4. Suspend outdoor activities for at least 30 minutes after the last observed lightning flash or thunder clap or until your reunion receives the “All Clear” message from Public Safety.

5. Persons injured by a lightning strike do not carry an electrical charge and can be handled safely. Apply First Aid procedures to a lightning victim if you are qualified to do so. Call Public Safety Emergency 609-258-3333.

Lost and Found
If you discover you have lost an item over the weekend, please check first with the student crew at
your major reunion headquarters. The Office of the Alumni Association crew also collects lost and found items at Maclean House (609-258-3468). Shortly after Reunions, lost and found items will be moved to Public Safety and registered. You can check with the Department of Public Safety regarding your item at 609-258-1000.

**Medical Services** If you or your companions need assistance, medical help is available for bee stings, cardiac symptoms, or anything in between. Please program your cell phone with Public Safety’s Emergency number 609-258-3333, or dial 911 from any blue light phone or campus landline. Dialing 911 on a cell phone routes to the nearest emergency call center and may slow emergency response time.

**Orange Key Campus Tours** Tours will be offered Thursday and Friday, at 11:15 AM, 1:00 PM, and 3:30 PM, leaving from the Admission Reception Area in Clio Hall (top floor).

**P-rade** The P-rade begins at 2:00 PM on Saturday. Alumni, spouses, and their children are welcome to march. Be sure to check the P-rade map in this booklet, in your Reunions issue of the Princeton Alumni Weekly, or on posters at your major reunion headquarters site and around campus for the route and staging area for your class. Orange signs will also be posted along the route—or you can look for your classmates in their reunion costumes. Tiger Refreshments will have three concession locations along the P-rade route: the southeast corner of Alexander Beach, along Elm Drive; immediately southeast of Dillon Court East, along Elm Drive; and between Scully Hall and Icahn Laboratory.

This year’s finale will be on Poe-Pardee fields. Parents of members of the Class of 2011 are encouraged to sit on the bleachers reserved for them at the Poe-Pardee finale for the best views and photos. At the end of the route, please help keep the P-rade moving!

Here are some additional suggestions that could help your major reunion win this year’s Class of 1945 P-rade Trophy:

- Get to your staging area by 1:45 PM
- Wear your reunion costume
- Keep up with your class! Follow the banner and keep up with the people in front of you
- Carry very young children or use a stroller
- Keep moving while you are cheering the classes along the way and at the Reviewing Stand

**Public Safety** The Department of Public Safety is located at 200 Elm Drive and can be reached at 609-258-1000. Emergency calls can be made from any blue light campus
or wall mounted emergency phone by pressing the red emergency button, or by pressing 9-1-1. **If making an emergency call for a campus emergency from a cell phone, dial 609-258-3333.** Dialing 911 on a cell phone goes to Mercer County for routing and slows emergency response time.

**Reunions Mobile** Throughout Reunions, you can quickly access helpful information—from breaking news to scheduled events, from transportation schedules to P-rade staging sites—on your Web-enabled phone. Just navigate to [http://m.princeton.edu/reunions](http://m.princeton.edu/reunions) on your smartphone or other handheld device.

**Transportation—Campus Shuttles** The Office of the Alumni Association provides a shuttle service to help you move around the campus and from the main parking lots (see 2011 Headquarters and Parking map foldout).

There are three shuttle routes:
- Central Line (Main Campus)
- East Line (Lot 21)
- Forbes Line

Note that because of special events, area construction, and traffic, shuttles may need to be rerouted and routes combined. Real-time shuttle tracker is available through Reunions Mobile, [http://m.princeton.edu/reunions](http://m.princeton.edu/reunions).

The shuttle service hours are:
- Thursday: Noon–Midnight
- Friday: 8:00 AM–2:00 AM
- Saturday: 8:00 AM–2:00 AM
- Sunday: 8:00 AM–Noon

*Limited service between 2:00 PM and 5:00 PM

**Transportation—Hotel Shuttles** The bus stop is located at Lot #6 (near Baker Rink). Hotels serviced by this program are available Thursday afternoon–Saturday.

**Route 1 North of Princeton:**
- Best Western Princeton Manor Inn & Suites, Courtyard by Marriott, Doubletree Hotel, Holiday Inn, Homewood Suites by Hilton, Princeton Marriott Hotel and Conference Center at Forrestal, Residence Inn by Marriott Princeton, Staybridge Suites Princeton, Westin Princeton at Forrestal Village, and Wyndham Princeton Forrestal Hotel and Conference Center

**Route 1 South of Princeton:**
- Clarion Hotel Palmer Inn, Comfort Inn of Lawrenceville, Howard Johnson Lodge, Hyatt Place Princeton, Hyatt Regency Princeton, and Marriott Residence Inn Princeton at Carnegie (MarketFair)

Bus schedules are located in the hotel lobbies, at the Frist Campus Center Welcome Desk, at all headquarters sites, and on the buses. You may also access them through Reunions Mobile, [http://m.princeton.edu/reunions](http://m.princeton.edu/reunions).

Please note, service may be delayed to and from the hotels due to local traffic and construction.
