Each region, class, and affiliate group is invited to plan a community service event or project on a date of your choosing this winter.

- Similar to the University’s Month of Service on campus
- Goal: to encourage alumni to learn and engage through service opportunities, which we hope will inspire service year-round

Over 20 alumni groups are planning to participate in the initiative this inaugural year.

- The Committee on Community Service has conducted individual outreach to all of the regions, domestic and abroad
- We hope to increase this number for next year
