Honoring the Old Guard

The Pete Keenan ’35 *36 Cane

The Pete Keenan ’35 *36 Cane is awarded to the oldest member of the oldest class at every club event.

Our Founding President, Scott Foster ’38 K’32 K’1896, created this award in the spirit of the University community’s reverence for the Old Guard. The cane also honors Pete Keenan ’35 *36, our club member who twice carried the Class of 1923 Cane in the P-rade, in 2014 and 2015.

A silver tiger head adorns our club’s beautiful cane, which is secured in an exceptional tiger maple case created by master woodworker, Bill Barrett ’66. Before the official Keenan cane was made, Scott presented Pete with a wooden version.

A silver tiger head tops the cane

John “Tex” Farrington ’42 holds the Keenan Cane with Scott Foster ’58 K’32 K’1898.

I grew up in St. Louis. Attended Princeton, Class of '56 where I was followed by two brothers. Gates '57 and Steven '58. Met Penny Fowling at the top of Ajax run in Aspen, CO (over 11,000 feet) in March of '51, we were married in February '52 and had three children, all of whom attended Princeton: Carrie '85, Tim '86 and Jennifer '90. We have four grandchildren.
After attending Harvard Business School following Princeton I served Uncle Sam as almost everyone did in those days for a fairly brief stint; went to work for a bank in Chicago; changed jobs and went to Pittsburgh where Penny and I lived for 48 years; built a second home on Spring Island (not far from Hilton Head) in '94 and eventually made it our permanent residence until 2015 when we moved to The Cypress.

Steve Alfred '56

Bill Agnew '56
Graduated from Duke Medical School in 1960, Fellowship in Neurology at Emory University, and started in neurology practice in Atlanta 1967.
Retired in 1998 and moved to Spring island, near Beaufort SC. In 1992 we bought a house in Westport MA. We now live 7 months in South Carolina and 5 in Massachusetts. Most move I made after graduation was to marry Anne Fowling. We have 4 children and three went to Princeton; Penny in '84, Kim in '83 and Allison '83. Courtesy, our youngest, was smart enough in the seventh grade to say she was our only child that would not go to Princeton. I play golf mainly with Anne and Bill Agnew '36, read, travel a bit, and continue to enjoy things. Bill is my brother-in-law.
